Jesse,

I will be on vacation next week.

For when you are ready to route the NOPD for RA signature, I put together a routing package for concurrence on your chair.

I made some changes to the NOPD; the word file with those changes for attached. The changes were at the end of the document; they are instructions for the Federal Register and should not be modified.

Attached are the word versions of the concurrence NOPD (with concurrence block) and the clean copy of the NOPD; and your responsiveness summary.

I can be reached at 303.870.7644 if you have any questions.

Linda
